

Beginning Friday August 10, 2018 @ 5:00PM, both Bluefield Campus and Bluefield Beckley Campus will experience Internet Downtime.

BSC Computer Services will be performing a major network upgrade. At that time services such as Banner, MyBSC, Email and Internet will be unavailable.

We expect to have all services restored back by August 10, 2018 @ 11:PM. If anyone has any questions or concerns about this upgrade, please contact the BSC Help Desk @ 304-327-4090.

Chris Shrader

Network Manager
Bluefield State College
